

# BRAINERD DAILY DISPATCH.

Volume 7, No. 36

BRAINERD, MINN., TUESDAY, JULY 16, 1907

Price Two Cents

## PERJURY IS CHARGED

Warrant Issued for a Witness in Haywood Case.

## ORCHARD ON WITNESS STAND

Admits That His Uncle Committed Suicide by Hanging Several Years Ago—Denies All Knowledge of His Grandfather.

Boise, Ida., July 16.—Another warrant charging perjury against a witness who has testified for the defense in the case of the state of Idaho against William D. Haywood has been issued. C. W. Aller, formerly a telegraph operator and ticket agent at the Florence and Cripple Creek railroad at Cripple Creek, Colo., is charged with the offense by the prosecuting attorney of Ada county. He will be arrested.

Eleven witnesses in rebuttal were examined Monday in the Haywood trial. Harry Orchard reappeared on the stand and was asked a few questions as to his acquaintance with some of the witnesses for the defense who have testified as to his movements. On cross-examination he admitted that his uncle Peter McKinley committed suicide by hanging thirteen of fourteen years ago. Counsel for the defense asked Orchard if this uncle was not insane before he killed himself and also tried to show by the witness that his maternal grandfather was insane, his monomania being imaginary crimes committed a long time ago in Ireland. Orchard denied all knowledge of the grandfather, but admitted that his uncle was demented.

The entire afternoon was taken up with the examination of witnesses who contradicted the evidence given by C. W. Aller, who testified for the defense in support of a charge of conspiracy against the Western Federation of Miners in which it is alleged the Mine Owners' association, the Citizens' Alliance and the Pinkerton detective agency were concerned. Aller swore that he saw Orchard and D. C. Scott together at the depot of the Florence and Cripple Creek railway on a Sunday about three weeks prior to the explosion at the Independence depot on June 6, 1904. Scott swore that he was not in Cripple Creek at the time and a number of witnesses corroborated this. As a result of this rebuttal testimony information was sworn out after court adjourned charging Aller with perjury.

## Explosion at Bradley Residence.

The explosion at the residence of Fred Bradley in San Francisco was again under consideration, the state undertaking to show that the effect of illuminating gas could not have been that described in the depositions taken for the defense in San Francisco. The manager of the Boise Gas company, C. D. Lampson, who was at one time a resident of New York, qualified as an expert. He discredited the proposition that gas could be ignited by the glow at the end of a cigar. He was cross-examined at considerable length by Mr. Richardson and showed a close technical knowledge of gas and its possibilities as an explosive. The general trend of his evidence was that the explosion at the Bradley home could not have been caused by gas.

Much excitement was caused by a wordy engagement between Mr. Richardson and E. M. Sabine, an attorney of Idaho Springs, Colo. Sabine was engaged in the prosecution of a number of cases charging fourteen members of the Western Federation of Miners with crime and conspiracy during the labor troubles in 1903. Mr. Richardson was the defending counsel in these cases. There was a sharp exchange between the two but enough good humored badinage to keep the courtroom in a ripple of laughter for half an hour. Sabine intimated his

willingness to tell many things that Richardson appeared anxious to keep out of the records and it kept Haywood's counsel busy heading the witness away from dangerous ground.

Sabine admitted that Richardson had beaten him and had cleared his clients, but he managed to get before the jury his opinion that the defendants were guilty.

## PASSENGER TRAIN WRECKED

Four Persons Fatally Injured and Several Others Badly Hurt.

Toledo, O., July 16.—Four persons were fatally injured and a number of other passengers badly hurt when Erie passenger train No. 11, running between Marion, O., and Huntington, Ind., jumped the track near Foraker, O., the entire train turning over in the ditch. The fatally injured are: Baggage-master McDowell, Marion, O.; the fireman: Pearl Goff, Kenton, O.; Frank Everhart, Kenton, O.

Among the badly injured are Allen McCafferty of McGuffey, O.; John Peiples of Kenton, O., and Justin Brewer, also of Kenton.

It is thought that a split rail caused the wreck.

## Crocker Declines Nomination.

Dublin, July 16.—Richard Crocker has declined the Nationalist nomination for member of parliament for East Wicklow to replace D. J. Cogan (Nationalist), resigned. It is believed that Arthur Chamberlain, brother of Joseph Chamberlain, will permit his name to be placed before the convention, being prepared to take the pledge exacted from each Nationalist to go to parliament a declared home ruler.

## CONVENTION IS CLOSED.

Christian Endeavorers Departing From Seattle for Home.

Seattle, Wash., July 16.—The twenty-third annual Christian Endeavor convention closed with roll calls of the states and territories of the United States and all of the foreign countries in which the society has branches. Already many of the delegates are leaving and there will soon be a general exodus.

A renewed impetus was given the society's plan for an international building to be erected at Boston when largely attended meetings were held and the financing of the building proposition taken up. A large stock subscription is made and from present prospects the necessary \$500,000 will be raised in five days.

## STRIKE OF MINERS IN SPAIN

Likely to Extend Throughout the Northeastern Part of the Country.

San Sebastian, Spain, July 16.—What promises to be a gigantic general strike throughout the Northeast of Spain was begun with the declaration of a general strike at a meeting of several thousand miners at Bilbao. It is believed that the movement will spread rapidly to the mine districts of Santander and Asturias. The labor unions of the whole of Catalonia are preparing for a general strike. The authorities are alarmed at the prospects and are taking measures to assure a bread supply.

## Bite Proves Fatal.

Minneapolis, July 16.—Blood poisoning caused by being bitten in the thumb in a Fourth of July fight with a former friend caused the death of John Kelley, Aune Berg, the man with whom Kelley fought, was arrested by the police, but may not be prosecuted, as both men were intoxicated at the time of the fight and they parted friends again after the occurrence.

## Federation of Catholic Societies.

Indianapolis, July 16.—The two sessions of the convention of the American Federation of Catholic societies were taken up with hearing the reports and the appointment of standing committees. Archbishop James C. Blenk of New Orleans and the Rev. Father Currier, a missionary to the Indians in the West, made brief talks to the convention.

## EIGHT MEN ARE DEAD

Burned by Powder Flash on Board a Battleship.

## THIRTEEN OTHERS INJURED

Two of Them Are Not Expected to Recover—Disaster Took Place in After Superimposed Turret of the Georgia.

Boston, July 16.—Eight men dead and thirteen injured, of whom two were on the dangerous list at the United States naval hospital at Chelsea, is the grim record of the result of a powder explosion on the battleship Georgia off Provincetown. Six were dead when the battleship reached here and two more, one of them Lieutenant Casper Goodrich of Brooklyn, N. Y., son of Rear Admiral Goodrich, died later at the hospital.

The Georgia steamed slowly up Boston harbor from the target practice grounds in Cape Cod bay and landed the dead and injured men at the Charlestown navy yard.

With the arrival of the Georgia there became known the details of the most terrible naval catastrophe that has ever taken place along the coast of New England.

The accident occurred while the Georgia's crew were at target practice off Barnstable in Cape Cod bay. In some manner as yet unexplained two bags of powder became ignited and in the terrible flash that followed the entire turret crew, consisting of three officers and eighteen men, were enveloped in fire and received horrible burns, one officer and five men dying before the ship reached port.

The official list of the dead follows:

Lieutenant Casper Goodrich, New York; William J. Thatcher, chief turret captain, Wilmington, Del.; Faulkner Goldthwaite, midshipman, Kentucky; W. J. Burke, ordinary seaman, Quincy, Mass.; G. G. Hamilton, ordinary seaman, South Framingham, Mass.; W. M. Thomas, ordinary seaman, Newport, R. I.; George E. Miller, ordinary seaman, Brooklyn, N. Y.; William F. Pair, ordinary seaman, Brooklyn.

## Minnesota Man Among the Injured.

The injured are Midshipman John T. Cruse, Nebraska; Frank Schlapp, North Adams, Mass., boatswain's mate, second class; Charles Hansell, New York, gunner's mate, first class; Orley Tagland, Rushford, Minn., chief yeoman; J. G. Thomas, ordinary seaman, Brooklyn; S. L. Rosenberger, ordinary seaman, Philadelphia; Edward J. Walsh, ordinary seaman, Lynn, Mass.; John O. Maleck, ordinary seaman, Cleveland; John A. Bush, ordinary seaman, New York; L. O. Meeze, ordinary seaman, Berea, O.; H. L. Gilbert, ordinary seaman, Southwick, Mass.; John A. Fone, ordinary seaman, Trenton, N. J.; Charles L. Eich, ordinary seaman, Frankfort, Ind.

The explosion occurred in the after superimposed turret, in which the men under command of Lieutenant Casper Goodrich, son of Rear Admiral Goodrich, commandant of the New York navy yard, and Midshipmen Faulkner Goldthwaite and John T. Cruse, were operating the eight-inch guns.

The guns in the forward turrets had finished eight rounds of practice and the guns of the after turret had finished one round. Two cases, as the big 100-pound bags of powder are called, had just been sent up through the ammunition hoist and were in the arms of the loader whose name was withheld by the ship's officers. The loader stood at the breach of one of the eight-inch guns all ready to insert the charge. At this instant the turret was seen to be smoky and two men who stood near the loader saw a black spot on the bag, indicating that the charge had ignited and was smoldering.

The loader discovered the spot at the same instant and threw himself forward on his face, at the same time shouting a warning to his turret mates. The other men who had seen the spot were Eich and Hansell, and they also threw themselves on the floor of the turret.

## Filled With Flame and Smoke.

Before the other men in the turret could understand what caused the cry of warning there was a blinding flash and flames, smoke and nauseous gases filled the little superstructure, in which more than a score of men were confined. As the powder was not confined there was no report nor did the vessel suffer any injury, but every nook and cranny of the turret was filled with flame.

The loader who was of course nearest the powder was terribly burned, as was every man in the turret, with the exception of Eich and Hansell, who although scorched escaped with injuries much less severe than the others.

Blinded by the smoke and flames, choked by the acrid, penetrating gaseous fumes and maddened with pain, the men screamed in agony. Some

staggered blindly up the ladder to the hatchway in the top of the turret, while others crept along the turret floor, begging piteously for assistance. Lieutenant Goodrich and Seaman Maleck became crazed, staggered up the ladder to the top of the turret and threw themselves headlong into the sea, in a despairing effort to choose death by drowning in preference to death by slow fire.

When the smoke of the burning powder had cleared away the shipmates of the unfortunate men rushed to their assistance and tenderly the sailors were lifted out of the fire-blackened turret and quickly conveyed to the ship's hospital, where their burns were dressed.

In the meantime Lieutenant Goodrich and Seaman Maleck had been rescued by a launch that was returning from an inspection of the target.

The surgical staff of the Georgia was soon reinforced by the surgeons of the other vessels in the fleet.

A wireless message telling of the accident was sent to the government wireless station on the Highlands of Cape Cod and thence overland to the navy department at Washington. Another message was sent to the Charlestown navy yard telling of the disaster and requesting twenty stretchers be provided to remove the wounded men to the naval hospital when the Georgia arrived at Boston, whither she was then headed.

An examination of the turret after the accident failed to show that any serious damage had resulted to the ship.

Immediately upon learning the details of the accident, Captain Henry McCrea, commander of the Georgia, notified Rear Admiral Charles M. Thomas, commander of the squadron, of what had occurred. Rear Admiral Thomas ordered an investigation board to examine into the cause of the accident. Until this board makes its report the real cause of the explosion will be in doubt and it is uncertain whether the board will be able to determine definitely what ignited the powder.

Two theories are entertained. One belief is that a spark from the discharge of the guns floated back into the turret through a gun port and settled onto the powder cases. Another theory is that the spark that caused the trouble came from the smoke-stacks of the ship and floated through the gun ports.

## WRECKED BY EXPLOSION.

Leaking Gas Causes Disaster at a St. Paul Hotel.

St. Paul, July 16.—Seven rooms, two hallways, a landing and stairway were wrecked and a score of persons more or less injured by an explosion of gas at the Avon hotel in this city. The explosion occurred in the bathroom on the second floor and shook the buildings adjoining the hotel until the glass windows were shattered and the entire block was shaken as though by an earthquake.

The force of the explosion was felt for blocks. The report was heard as far as Fourth and Wabasha and many people, under the impression that a building had been dynamited, hurried to the scene. A panic followed immediately upon the explosion. The lodgers in the hotel threatened to jump from windows and stampeded down the stairway. Prompt work upon the part of the police prevented any one from being injured.

The explosion was caused by a leak in the meter in the bathroom on the second floor. William Johnson, paper hanger, had been papering the bathroom and accidentally disconnected the meter and gas filled the hallway. Johnson was overcome by the fumes and was carried to a back porch, where he revived. The gas company's repair man, Frank Graves, was sent to the hotel. He turned off the gas and then started to investigate followed by the landlady, Mrs. Bell Jennings.

He struck a match and instantly there was a terrific explosion that shook the building. Graves and Mrs. Jennings were hurled thirty feet down the hallway. Mrs. Jennings escaped with a few bruises, while Graves was badly scorched about the face and head and cut about the face. Doors, windows, pieces of furniture and splintered glass from the two score windows were thrown out into the street. The inmates of the hotel were panic stricken by the explosion and several were slightly hurt.

## PASSENGER TRAINS COLLIDE

Several Persons Killed or Injured in Wreck in Kansas.

Leavenworth, Kan., July 16.—A Chicago Great Western passenger train running over the Kansas City Northwestern tracks is reported to have run into a Burlington train at Bethel, between here and Kansas City, wrecking the Burlington sleeper and killing and injuring several persons. The injured were taken to Kansas City for treatment. A wrecking train is now on its way from Kansas City to the scene of the wreck.

Because of the washouts on all of the railways between here and Kansas City, all trains have been using the Kansas City Northwestern tracks from here to Kansas City.

## There yet remains

a splendid lot of

Muslin Underwear

Bargains. See them

on our sales table

A bargain in our sight, is an article of real value sold much below what it costs to produce it and place it in on our shelves for selling. This is true of our muslin wear bargains. They are the very best of articles and are sold at a much lower price than we could purchase them for and place them on our tables for your selections.

We had great quantities at the beginning of this selling and yet have a goodly amount to select from. You'll find it profitable to select for next season at the prices we are now making.

"MICHAEL'S"

## FLOODS IN GERMANY.

Fully Fifty Lives Lost and Much Property Destroyed.

Berlin, July 16.—From six to twelve inches of rain have fallen over the greater part of Germany during the past few days and as a result a number of rivers have overflowed their banks, carrying death and destruction to the surrounding country. No less than a dozen minor railway accidents from washouts have been reported and dispatches coming in from the country traversed by the swollen streams relate the destruction of crops, dwelling houses and outbuildings. The floods are especially severe in Western Germany. Casualties to the number of fifty have been reported, principally single persons caught by the waters and chiefly from the villages of Poland and Silesia. The capsizing of a boat on the Muegel sea near Berlin resulted in two deaths. The hay and rye crops in the province of Brandenburg are entirely ruined by the prolonged rain, the farmers having had only one day for harvesting.

In Berlin there have been a number of automobile accidents arising from the skidding of the wheels on the wet asphalt pavements.

Almost the entire city of Glatz is under water. The depth ranges from a few inches to six feet.

When there is no good within no good comes out.—Dutch Proverb.

### The Weather

Forecast—Cooler tonight with fair west and showers east portion; Wednesday fair.

TUESDAY, JULY 16, 1907

ACCORDING to the Pilot the 50 different varieties of mosquitos are holding a reunion in Walker this month.

THE Minnesota prohibitionists are planning a campaign for the election of a prohibition speaker of the house of representatives in 1909.

LIFE and accident insurance must be a good business in the twin cities if the people there are endeavoring to protect themselves from the numerous automobile and street car accidents.

UNDER a law passed at the last session the state inspection of railroad track scales will be taken up at once by the railroad commission. A car loaded with 100,000 pounds of steel rails, or some commodity that will not take on moisture, will be hauled over every railroad in the state and test weights made with it on every track scale.

THE wages being offered harvest hands is calling many a man to leave a steady job to accept a temporary situation at increased pay. At this time of the year there is always a scarcity of common labor and uncertainty about keeping a man if you are lucky enough to get one started on your job. In Duluth Monday 750 ore trimmers on the docks there struck for an increase of 25 cents a day.

A PENNSYLVANIA doctor has been performing the Jekyll and Hyde act, after his professional hours donning the garb of a burglar, and between the two he has been fairly successful. He prefers, since his capture, to follow his chosen profession and promises to cut out his midnight raids if the court will be lenient with him and overlook his past misdeeds.

THE Elks, in convention at Philadelphia, will consider the doing away of the Elk's tooth as an emblem of that order. The matter has been brought up in times past, the argument being that if some steps were not taken along

these lines that before long the elk would be a thing of the past or a curiosity, as is the buffalo today, because of the slaughter of the animal to secure the teeth which are becoming valuable.

IF A Cario, Ill., divine has his way lovers, sweethearts and others now enjoying the state of single blessedness will be curtailed on one luxury which he claims they are now enjoying. Kissing, he says, is doing more to fill hades than whisky, and in future sweethearts should only hold each other's hands as a token of their pure affection, and at parting a kiss upon the finger tips may be permissible.

DISCHARGE SPECIAL COMMITTEE

All Matters Before Special Water  
Works Committee Referred to  
Committee of the Whole

The most important business done by the city fathers at the regular meeting Monday evening was the passage of the ordinance issuing \$39,000 in five per cent bonds to take up and refund the floating indebtedness of the city existing on the 25th day of last March, as provided by an act of the legislature passed on that date. The bonds are to be in the denomination of \$500 each, and to bear date of August 15, 1907. Four will become due the 15th day of August, 1908, and four on the fifteenth day of August each year up to and including the year 1916. The remaining 42 bonds will become due the fifteenth day of August, 1917. The bonds will bear five per cent interest payable semi-annually at the office of the city treasurer. In addition to this there was considerable other business considered, the council remaining in session until nearly midnight.

When Vice President Farrar called the council to order all members were present except the president and Alderman Baker.

After the reading of the minutes of the last regular meeting a communication was read from Mrs. Kellehan stating that the curb as put in this year is six inches higher than her walk which was put in under a previous city engineer. The matter was referred to the city attorney.

A couple of bicyclists from East Brainerd appeared to protest against the destruction of the bicycle paths at the hands of teamsters. The matter was referred to the city attorney.

President Johnson here came in and took the chair.

The financial report of the city clerk was presented and showed receipts of \$2,498.40 for the month of June and an expenditure of \$7,456.58. The outstanding indebtedness at the close of business June 30th, was \$44,642.33 with \$3,375.79 on hand in cash.

The report of the finance committee on the monthly audit of the books of the city clerk and treasurer was received. The books were found correct and the report of the committee was accepted.

The purchasing committee reported that it had purchased supplies for the police department as ordered.

The street committee reported the sidewalks in front of the following described property condemned: Lots 7, 8, 9 and the south half of 10, block 70; south 50 feet of lots 7 to 12, inclusive, in block 192; on the west side and on the east side of block 168; along the side of block 198; along the south side of block 220; south side of lot 1, block 110; in front of lot 3 block 11, Farrar-Forsythe addition; on the south side of Oak street between Tenth street and the St. Paul tracks; lots 21 and 22, block 67; 10, 11 and 12, block 185; lots 5 to 12 in block 23; lots 5 and 6, block 71; lots 11 and 12, block 129; lots 9, 10, 11 and 12; block 157; and lots 6, 7, 8 and 9, block 69.

A resolution was then introduced ordering the above walks which was on motion adopted, all voting aye on roll call.

Alderman Fogelstrom wanted to know what was to be done with the Mahlum bridge. He said it was being stolen and taken away piece meal for kindling wood. It was suggested that a foot bridge be constructed of the

material that was there. It was also suggested that the timbers be used in rebuilding the Kindred street bridge, but Alderman Fogelstrom said none of them were heavy enough for use in that bridge.

The status of Mr. Rowley's contract was discussed, Alderman Bouck suggesting that he be held under his bond to reconstruct the bridge, because it was left unbraced so that it could sway, which caused it to fall. Alderman Fogelstrom said it did not sway but went down because the ground was too soft. It was finally moved and carried that the matter of releasing Mr. Rowley from his bond be referred to the street committee to report at next meeting and that the city clerk be directed to advertise for bids for the sale of the lumber in the bridge.

The walk on Laurel street between the business section and the Mississippi river bridge came up for discussion and showed that the council was as hopelessly at sea as it was a year ago in the matter and no action was taken.

Reports of damages to the general sewer was referred to the sewer committee with power to act.

On motion all matters referred to the special water works committee were recalled and referred to the council as a committee of the whole.

The ordinance authorizing the issuing of the \$39,000 in refunding bonds was presented and given its first reading, all members being present voting aye. On motion the rules were suspended and the ordinance was given its second reading, all voting aye. The ordinance was, then put upon its passage and passed, all voting in the affirmative.

In accordance with the act of the legislature authorizing the bonds, a resolution was passed fixing the denominations of the bonds at \$500 each.

A communication was received from the drivers of the fire team asking that their salaries be raised from \$55 per month to \$60. On motion the request was granted, the raise to take effect July 1st, all present voting aye.

The matter of the salary of the street commissioner came up in connection with the discussion of that of the drivers and it was referred to the street committee.

The water works question then came up and Mayor Wise addressed the council briefly. He stated that while he desired to see municipal ownership just as soon as possible he doubted the possibility of floating bonds under present financial conditions. He said the great city of New York was only able to sell a little over two millions dollars out of a bond issue of over twenty-nine million dollars, and he did not believe Brainerd could do any better. At a recent meeting he heard one gentleman who advocated the sale of the bonds here at home declare that he would take \$1,000 himself. As the man was one of the wealthiest in the city he did not think that the prospects of selling a large amount of bonds on that basis was very rosy.

Ald. Bouck suggested organizing a local company to raise the money and take over the plant, but that did not seem to receive any support whatever. Alderman Farrar did not see how that would help matters any and the scheme was dropped.

Alderman Twohey thought Mr. Tighe was too shrewd a man for the council or any attorney in the city to deal with and expect to more than hold their own.

Mayor Wise again took the floor and said that in view of the fact that a little over a year ago there were 140 present at the organization of the municipal league and that only five responded to a request from the city council to meet last week to discuss the matter he did not believe the people were going to take hold and decide the question for the city council.

On motion the council adjourned to July 26, when the water works question will be gone into more fully.

# GREAT CLOSING OUT SALE!

## Going Out of Business

Having decided to retire from the Merchantile Business our entire stock of  
**Dry Goods, Silks, Dress Goods,**  
**Wash Goods, Gingham, Prints,**

### CHURCH BASE BALL LEAGUE

Games on McKay Grounds at 7 p. m.

	Played	Won	Lost	Pct
Catholics	4	4	0	1000
First Cong.	4	3	1	750
People's	4	2	2	500
Y. M. C. A. 1st	3	1	2	333
Pres.	4	2	2	500
Y. M. C. A. 2d	5	0	5	000

The game last night between the Presbyterians and the Second Y. M. C. A. team was called because of darkness in the last half of the fifth inning. The score at that time stood 8 to 4 in favor of the former team. According to the church league rules any game of four innings or over shall stand as a game and according to national league rules, which govern when there is no local league rule the score stands as at the close of the last even inning when a game is called for darkness or rain. This would make the official score of the game stand as 6 to 2. John Mahlum officiated as umpire.

"Dr." Ramsey went into the box for the Y team with Clem Willis wearing the mask. In the fourth inning Ramsey was replaced by Willis while Northrup went behind the bat. Connie Ousdahl was in the box for the Presbyterian team with Parrish behind the bat. Parrish, who is a moulder who recently arrived in the city, proved a find, and ball men say he has one of the best "wings" seen on the field this season. His throwing to second was one of the features of the game.

Northrup also proved himself no novice at wearing the mask and surprised all by his ability. None of the pitchers played errorless games, Ousdahl having rather the best of it in strike outs and in the matter of hits off his delivery.

By innings:  
Presbyterians 1 0 2 3-6  
2d Y. M. C. A. 0 1 0 1-2  
The lineup of the teams was as follows:  
Presbyterians 2d Y. M. C. A.  
Parrish c Willis, Northrup  
Ousdahl p Ramsey, Willis  
Barron ss Sundberg  
Drogseth 1b Northrup, Hoorn  
Erickson 2b Olson  
Bush 3b Hoorn, Ramsey  
Carlson lf Blake  
White cf Lindquist  
Cromwell rf Small

### A PLEASANT WEDDING

**Charles H. Rice and Miss Hattie Welliver United in Matrimony at Home of Bride's Parents**

A very pleasant wedding took place at the residence of Mr. and Mrs. H. W. Williver, at Flak, Monday, July 15th, at 12 o'clock, noon, when their daughter Hattie became the bride of Charles H. Rice, of Brainerd. The knot was tied by Rev. J. H. McLeod in the presence of the families and a few intimate friends.

The bride was attended by her sister, Miss May Welliver, both being tastily arrayed in white. The groom and Arthur Welliver, a brother of the bride, who was best man were both arrayed in conventional black.

The wedding march was played by Miss Myrtle Cain and immediately after the ceremony a beautiful solo was rendered by Miss Irene Cain.

Immediately after congratulations the entire party sat down to a sumptuous repast. The happy couple left Tuesday for Aitkin county where they will visit relatives, after which they will go to the twin cities for a brief trip. They will be at home in Brainerd after August first.

The bride is a well known school teacher of Crow Wing county and has a large circle of friends in Brainerd who are glad to see her locate permanently in this city. The groom is a well known and well liked employ of the office of the auditor of the Min-

nesota & International railroad and a son of George Rice, the well known Northern Pacific telegraph operator.

### CITY DESTROYS TREES

**Impossible to Beautify City if Electric Light Department can Multilate Shade Trees at Will**

EDITOR DISPATCH—In these days of the campaign for civic beauty it is time something was done to put a stop to the depredations of the city light department on the shade trees of the city. It is worse than useless to work for twenty years to raise shade trees and then have vandals in the guise of city employes butcher the tops of the trees because they fancy they may interfere with electric light wires.

The city establishes boulevards and encourages the citizens to plant trees and lawns to beautify the streets and then turns loose a lot of men who have not the slightest knowledge of how to trim a tree and gives them authority to hack and saw leaving unsightly stubs and unbalanced, lopsided trees that are a disfigurement to the landscape. Such work is an outrage and the public should make its disapproval felt so strongly that the authorities will put a stop to it at once.

Respectfully,  
JOHN COCHRAN.

## FIRST SERIOUS BLOW

Received by the Bribery-Graft Prosecutors at Frisco.

### WITNESS REFUSES TO REPLY

Declines to Answer Questions Put to Him by the Assistant District Attorney and is Ordered Committed to Jail by the Court.

San Francisco, July 16.—The first serious blow to the bribery-graft prosecution was struck by the Louis Glass defense in open court through Eugene J. Zimmer, second vice president and director of the Pacific States Telephone and Telegraph company, who first refused to be sworn, afterwards accepted the oath, answered two or three unimportant questions put by Assistant District Attorney Heney and then refused to answer. He was ordered committed to the county jail "for a term of five days and until the question is answered." Under the law as interpreted by the court this means that Mr. Zimmer must stay in jail throughout the progress of the Glass trial or until he signifies his willingness to testify.

On Mr. Zimmer the prosecution relied as its most important witness against Vice President Glass, accused of bribery. At the time this crime is alleged to have been committed, in March, 1906, Louis Glass was acting president and general manager of the Pacific States company. Before the grand jury Mr. Zimmer testified that Glass drew checks for the bribery money claimed to have been paid to the supervisors, caused Zimmer to cash them and then instructed him to give the money to Agent Halsey and require from Halsey no voucher, merely carrying these thousands of dollars on the current expense account.

### CAN BE PLACED IN JAIL.

Commission Points Out the Way Harriman Could Be Imprisoned.

Washington, July 16.—The interstate commerce commission points out a plain and direct method by which E. H. Harriman can be placed in prison for merging the Union and Central Pacific railroads.

The act of 1874 is pointed out in its report as the proper statute under which Mr. Harriman may be criminally reached. The wording of the law is quoted and a decision of the United States supreme court given as a precedent. There is no recommendation made that prosecution be instituted, as the department of justice is supposed to take action in such matters.

The clear path to criminal prosecution of Mr. Harriman is buried in the long report submitted to the president by the commerce commission and has been generally overlooked. It is contained in the paragraphs under the head of "Considerations of National Policy."

The violation is in the management of the Union Pacific and the Central Pacific roads. The penalty is a fine not exceeding \$1,000 and imprisonment of not less than six months.

### JOHNSON IS THE MAN.

Minnesota's Governor Is Henry Watterson's "Dark Horse."

Washington, July 16.—The secret is out. The dark horse candidate that will be presented to the next Democratic national convention by Henry Watterson, the Kentucky editor and oracle of the Democratic party, is Governor John A. Johnson of Minnesota. Watterson's candidate, who was described as a "man with a moustache," has been traveling incognito for many months. Henry Watterson's description of his candidate was one "who lives north of Mason and Dixon's line and west of the Alleghenies, and has a moustache."

All this was brought out here by Colonel Edwards, secretary of the Democratic congressional committee, who has just returned from a visit to Louisville.

### OF INCENDIARY ORIGIN.

Fire Destroys Business Section of Hartland, N. B.

St. Johns, N. B., July 16.—Twelve buildings were destroyed by a fire that swept through the business section of the town of Hartland on the St. Johns river in Northern New Brunswick, causing a total loss estimated at \$200,000.

The fire, which burned over four acres, is believed to have been of incendiary origin. It is asserted also that the fire apparatus of the town was found to have been tampered with.

### Iowa Newspaper Man Dead.

Ottumwa, Ia., July 16.—A. W. Lee, president of the Lee syndicate of Newspapers, including the Ottumwa Courier, the Davenport Times, the Muscatine Journal, the La Crosse Tribune and the Hannibal Courier-Post, is dead of heart disease at Nottingham, Eng., at the home of his brother-in-law, Frank Mahlin, United States consul at that place.

### Garment Workers on Strike.

New York, July 16.—About 5,000 garment workers employed on the East Side have struck. The strikers say about 40,000 men in New York, Brooklyn and nearby cities in New Jersey will go out. The men want increased pay and shorter hours.

## TRIAL OF JUDGE HARGIS.

Prosecution Will Probably Win Its Fight for a Change of Venue.

Sandy Hook, Ky., July 16.—Contesting every inch of legal ground, Attorney Floyd Byrd and Commonwealth Attorney John Vaughn won first blood in the struggle to convict Judge James Hargis on the charge of procuring the assassination of Dr. B. D. Cox at Jackson five years ago. After Special Judge W. B. Moody had overruled the motion for a continuance of the case and the defense had decided to put Judge Hargis on trial, Byrd filed a challenge to the entire jury panel and Commonwealth Attorney Vaughn filed an affidavit to support the contention that the jury panel had not been selected in accordance with the Kentucky statutes and by the regular jury commission. Foreseeing the purpose of the prosecution in insisting on the dismissal of the panel, Attorneys W. A. Young and O. H. Pollard for the defense objected to the dismissal. Judge Moody decided that the prosecution was right and that the panel of veniremen had not been selected as directed by the statutes.

The effect of this decision is sweeping and it is probable that through it the prosecution will win its fight for a change of venue, for although Judge Moody declined to grant the commonwealth a change of venue the list of eligible jurors will probably be exhausted before a jury is secured and Judge Moody will have to send the case out of Elliott county.

### JURY IS COMPLETED.

Will Try Italians for the Murder of Walter Lamana.

Hahamville, La., July 16.—The jury that will try three men and a woman for the murder of little Walter Lamana has been completed. Many talesmen were excused because they objected to giving a verdict that might mean the hanging of Mrs. Campiasco, the woman prisoner. As this trial is expected as far as possible to furnish an example that will check Italian blackmailing, great care was exercised to secure the most intelligent class of jurors. Seven of them are planters.

The prisoners are kept in the local jail without any extra guards. They appear to be in no danger of mob violence. There are six prisoners, Frank Gebbia and his sister Nicolina, who will be tried next week for the same murder, having been brought here as witnesses.

Tony Costa, who attempted suicide in New Orleans Sunday night, although uninjured, looked very much like an insane man when he appeared in court.

### MARKET QUOTATIONS.

### RESCUED FROM A MOB.

Steamboat Captain Who Killed a Negro Is Saved by St. Louis Police.

St. Louis, July 16.—Charged with having struck a negro roustabout senseless and throwing him overboard, where he was drowned, William H. Leah, captain of the Grey Eagle and one of the members of the Eagle Packet company, and his two mates were taken to police headquarters after the police had had a hard struggle with a mob of 100 blacks, who sought to tear the steamboat men to pieces.

#### Eleven Persons Injured.

Washington, July 16.—As the result of the derailment of three cars of a northbound passenger train on the Southern railway at Jamestown, N. C., near Greensboro, eleven persons, mostly employees of the railroad, were injured. An official statement issued by the railroad says the derailment was due to "tracks buckling under the dining car."

### TELEGRAPHIC BREVITIES.

N. E. P. Prindle, fourteen years old, of St. Paul, was struck by an automobile in Minneapolis and badly injured.

Viscount Aoki, the Japanese ambassador, has returned to Washington from New York, where he went to meet Admiral Baron Yamamoto.

The International Federation of Commercial Travelers' organizations, which represents nearly 400,000 traveling men, opened its annual convention in Detroit Monday.

Henry Sensiver, twenty years old, son of Oliver Sensiver of Hugo, Minn., was drowned while bathing in Eagle lake near his home within sight of several companions who attempted in vain to rescue him.

#### A Mean Trick.

Smith—You say you write dunning letters to yourself and sign them with fictitious names. What do you do that for? Jones—You see, my wife is always after me for money, and when she reads those letters she becomes discouraged.

Increased means and increased leisure are the two civilizers of man.—Disraeli.

#### The Charming Woman

is not necessarily one of perfect form and features. Many a plain one who could never serve as an artist model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth velvety skin, beautiful complexion. Guaranteed at H. P. Dunn & Co. Druggist 50c. tswd

#### Missouri River Very High.

Kansas City, July 16.—The Missouri river at Kansas City and in this vicinity has passed the flood stage and more or less damage in the wholesale districts in the west and east bottoms here may be expected within the next twenty-four hours according to Weather Observer Connor.

#### Dies of His Injuries.

Toledo, O., July 16.—Thomas J. Clark of Chicago, who was injured in the Glidden automobile tour near Bryan, O., last Thursday by the ditching of his machine, died at Bryan Monday night.

#### Autoists on Return Trip.

South Bend, Ind., July 16.—Chugging through a driving rain and plowing through mud a good portion of the way, the Glidden tourists arrived here on the return trip from Chicago.

#### Rumor of Tolstoi's Death.

London, July 16.—The Daily Telegraph prints a dispatch from St. Petersburg that there is an unconfirmed rumor there that Count Tolstoi is dead.

#### A Memorable Day

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at H. P. Dunn Co.'s drug store. tswd

#### A Happy Man

is Amos F. King, of Port Byron, N. Y. (85 years of age); since a sore on his leg, which had troubled him the greater part of his life, has been entirely healed by Bucklen's Arnica salve; the world's great healer of sores, burns, cuts, wounds and piles. Guaranteed by H. P. Dunn & Co., Druggist. Price 25c. tswd

#### Welcome Home.

Peddler—Wouldn't you like some mottoes for your house, mum? It's very cheering to a wall when he comes home. Mrs. Dagg—You might sell me one if you've got one that says, "Better late than never."

Live, laugh and love. There'll come a time when you can't.—Success.
